systems®

### **Pay less for more.**

A good value is what we all look for. What about a good value at a great price? CCI provides voice services utilizing VoIP technology, cutting costs and saving hotel properties on their monthly bill.

- Reduce current phone service costs up to 90%
- No installation fees or up front charges
- Long distance service included

### **Quality – Reliability – Redundancy**

All three are key points important to your guests – are they important to you? Phone service offered through CCI's Hosted PBX solution offers a voice experience your hotel guests are sure to notice.

- 99.999% reliable service
- Redundancy – includes LTE failover
- Crystal clear voice quality

### **Service that grows with you.**

As your business grows, so do your needs. CCI offers add-on features that help keep your business at the top of its game.

- Scalable to your needs
- Increased functionality
- Additional cloud features available

### **Make One Call – to CCI**

Consider adding CCI as your voice vendor of choice and start saving today. Call CCI to discuss options available to your properties: 800-338-9299 or email [info@ccisystems.com](mailto:info@ccisystems.com).
